I write on behalf of myself and my family in support of a land redesignation to allow for the construction of the **Webber Academy Athletic Park** planned to be constructed west of the intersection of Lower Springbank Road (Township Rd 243) and Range Road 32.

This contemplated complex is a welcome positive addition to the Springbank community and has the net affect of sterilizing this land from other potential negative developments.

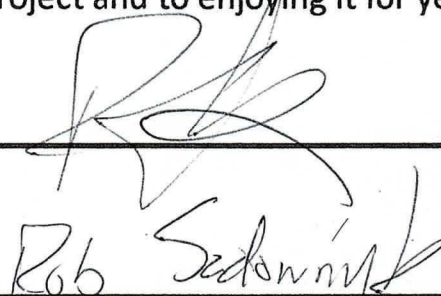

We look forward to the completion of this project and to enjoying it for years to come.
