Just because one owner wants it doesn't mean it is the best place. Lots of other places within a close area that doesn't wreck views

To Commercial.

6. What comments do you have that could improve our consultation process?

Additional Comments:

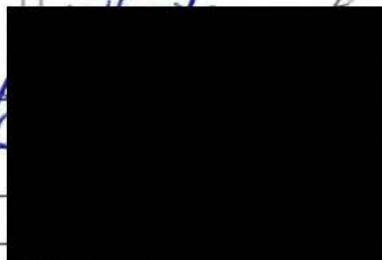

- the placement & location of this tower is not only damaging
 it will NOT be esthetically pleasing placed amongst many acreages &
 farm homesteads in a prestigious valley setting, some which have been
 there for years!
 - Health factors are a consideration, not only to human but livestock
 & wild life alike!
 - A subdivision is in progress, right across the road, east of the tower
placement plan, the view would be your tower, therefore, the land
