RE Item F3 June 8th Meeting Agenda

Further to my letter of May 13th to Kent Robinson, acting CAO and subsequent discussion with Messrs Robinson and Byron Riemann on May 26th we have proposed a limited supervised overflow parking option on the east side of Glenbow Road as per the aerial photo on page 2 of this document. This will not block landowner access and given a capacity of 12-15 vehicles should not pose any safety issues. It will however allow the Foundation, Parks, and the County to say that while we work on longer term parking options for 2022, we are doing everything possible to support the visitor experience this summer.

Thank you for your consideration

A handwritten signature in blue ink, which appears to read "Mark Olson", enclosed in a thin blue rectangular border.
