**Re: Bearspaw Reservoir – Removal of Unauthorized Staircase**

Dear Bhupesh,

This letter is to follow up from our conversation January 9<sup>th</sup>, 2024, regarding public access to the Bow River on TransAlta property via Rocky View County at Springbank Heights.

We appreciate the discussion and mutual understanding in the interest of public safety by restricting access to the river across TransAlta property. As stated, TransAlta is not able to permit access to the Bow River at our site nor accept liability for anyone that attempts to do so.

As also stated previously, we believe safe water access in appropriate locations for the public should be developed in collaboration with Rocky View County.

Should you have any further questions or comments, please contact me or Hamreet Sekhon at your convenience.

Yours truly,

**TRANSALTA CORPORATION**

Todd Belot,  
Sr. Advisor, Indigenous Relations
