

PLANNING AND DEVELOPMENT SERVICES

TO: Municipal Planning Commission
DATE: February 24, 2021 **DIVISION:** 5
FILE: 04324016 **APPLICATION:** PRDP20203812
SUBJECT: Single-lot Regrading / Discretionary use, with no Variances

APPLICATION: Single-lot regrading and placement of clean topsoil for agricultural purposes.

GENERAL LOCATION: Located approximately 1.21 km (3/4 mile) south of Inverlake Road and on the east side of Rge. Rd. 281.

LAND USE DESIGNATION: Agricultural, Small Parcel District (A-SML) under Land Use Bylaw C-8000-2020.

EXECUTIVE SUMMARY: The Applicant is proposing the placement of topsoil, not exceeding ± 0.30 m (12.00 in) in depth, to enhance land for potential agricultural improvements. The application is consistent with the relevant policies of the Land Use Bylaw. It is the interpretation of the Development Authority that the proposed development on the subject land, in conjunction with the conditions of approval, will not pose any impact to adjacent lands nor impact the enjoyment of value of neighbouring properties.

ADMINISTRATION RECOMMENDATION: Administration recommends approval in accordance with Option #1.

OPTIONS:

Option #1: THAT Development Permit Application PRDP20203812 be approved with the conditions noted in Attachment 'A'.

Option #2: THAT Development Permit Application PRDP20203812 be refused for the following reasons:

1. That in the opinion of the Municipal Planning Commission, the development unduly interferes with the amenities of the neighbourhood and materially interferes with and affects the use, enjoyment, and value of neighbouring parcels of land.

Additional Review Considerations

The proposal is for the single-lot regrading and placement of clean topsoil, for agricultural purposes.

- The Applicant has proposed to regrade a portion of the subject land, approximately $\pm 31,965$ sq. m (± 7.89 acres) in size to enhance land for agricultural improvements.
- It is anticipated approximately 10,000.00 cubic meters of material will be brought on site. The applicant has noted this is approximately 740 truckloads.
- The subject land is located along Rge. Rd. 281, surrounded by predominately residential and agricultural parcels. Currently, a single family dwelling and several accessory buildings are located on the subject land.

CONCLUSION:

Subject to the proposed conditions of approval, the application is recommended for approval.

Respectfully submitted,

Concurrence,

“Theresa Cochran”

“Al Hoggan”

Executive Director
Community Development Services

Chief Administrative Officer

BC/sl

ATTACHMENT ‘A’: Development Permit Report Conditions

ATTACHMENT ‘B’: Maps and Other Information

ATTACHMENT 'A': DEVELOPMENT PERMIT REPORT CONDITIONS

Option #1:

Approval, subject to the following conditions:

Description:

1. That single-lot regrading and the placement of clean topsoil shall be permitted in general accordance with the site plan submitted with the application and includes:
 - i. Total area of approximately $\pm 31,965$ sq. m (± 7.89 acres) and placement of approximately 10,000.00 cubic meters of clean topsoil not exceeding ± 0.30 m (12.00 in) in depth.

Prior to Release:

2. That prior to release of this permit, the Applicant/Owner shall contact County Road Operations with haul details for materials and equipment needed during construction/site development to confirm if Road Use Agreements will be required for any hauling along the County road system and to confirm the presence of County road ban restrictions.
 - i. Written confirmation shall be received from County Road Operations confirming the status of this condition. Any required agreement or permits shall be obtained unless otherwise noted by County Road Operations.
3. That prior to release of this permit, the Applicant/owner shall submit a limited-scope site-specific storm water management plan for the subject lands, in accordance with County Servicing Standards. The report shall be stamped by a qualified professional and can be limited to addressing the following:
 - i. The report shall include both pre- and post-development site grading in the vicinity of the work, and shall confirm post-development site run-off characteristics;
 - ii. The report shall evaluate possible impacts the proposed placement of fill will have on adjacent lands. The report shall provide mitigating measures, if necessary, for any impacts the work may have on adjacent lands; and
 - iii. The report shall provide Erosion and Sedimentation Control measures for the proposed activities.
4. That prior to release of this permit, the Applicant/Owner shall submit a stamped and endorsed statement from a Professional Agrologist, or Certified Crop Advisor, confirming the soil quality improvements achieved by the proposed addition of topsoil. The anticipated agricultural benefits must be identified.
5. That prior to release of this permit, the Applicant/Owner shall submit a soil testing analysis, completed on the proposed topsoil, that includes where the topsoil originated from. The report and approval shall be to the satisfaction of the County. The soil analysis report will need to confirm that:
 - i. *Texture is balanced and not over 40% clay; and
 - ii. **Organic matter is a minimum of 3%, and equal to or greater than the organic matter of the soil on the application site; and
 - iii. **SAR/EC rating is at least 'good'; and
 - iv. **PH value is in the 'acceptable' range for crop growth.

Permanent:

6. That any plan, technical submission, agreement, matter or understanding submitted and approved as part of the application or in response to a Prior to Issuance condition shall be implemented and adhered to in perpetuity.

ROCKY VIEW COUNTY

7. That it shall be the responsibility of the Applicant/Owners to ensure the fill has been placed in a safe manner that does not cause slope stability issues, slumping, or any other related safety issues.
8. That upon completion of the proposed development, the Applicant/Owner shall provide a Deep Fills Report, prepared by a qualified geotechnical professional, indicating the as-built cut and fill areas of the site, and providing compaction testing results of the graded areas.
9. That upon completion of the proposed development, the Applicant/Owners shall submit an as-built survey, confirming that the development proposal and post grades align with the supporting technical submissions for the file.
10. That any material entering to or leaving from the site, shall be hauled on/off in a covered trailer/truck, which will prevent blowing of dust/small rocks onto the road or cause issues with other vehicles on the road.
 - i. That the clean-up of any mud tracking and/or dirt that enters onto any County roads during hauling, shall be the responsibility and cost of the Applicant/Owner for clean-up.
11. That no topsoil shall be removed from the site.
12. That the material shall not contain large concrete, rebar, asphalt, building materials, organic materials, or other metal.
13. That the Applicant/Owners shall take effective measures to control dust on the parcel so that dust originating therein shall not cause annoyance or become a nuisance to adjoining property owners and others in the vicinity.
14. That the Applicant/Owners shall be responsible for rectifying any adverse effect on adjacent lands from drainage alteration.
15. That the subject land shall be maintained in a clean and tidy fashion at all times and all waste material shall be deposited and confined in an appropriate enclosure. All waste material shall be regularly removed from the property to prevent any debris from blowing onto adjacent property or roadways. That all garbage and waste shall be stored in weatherproof and animal proof containers and be in a location easily accessible to containerized garbage pickup.
16. That if this permit is not issued by **AUGUST 31, 2021** or the approved extension date, then this approval is null and void and the Development Permit shall not be issued.
17. That once this Development Permit is issued, the proposed development of single-lot regrading and placement of clean fill/topsoil shall be completed within twelve (12) months of the date of issue.

Advisory:

18. That the site shall remain free of restricted and noxious weeds and be maintained in accordance with the Alberta Weed Control Act [*Statutes of Alberta, 2008 Chapter W-5.1; Current as of December 15, 2017*].
19. That the subject development shall conform to the County's Noise Bylaw C-5773-2003 in perpetuity.
20. That any other government permits, approvals, or compliances are the sole responsibility of the Applicant/Owner.
