**Subject: Rocky View County 2023 FCSS Surplus**

Dear Kent Robinson:

Thank you for submitting the Rocky View County 2023 Family and Community Support Services (FCSS) annual report. We have verified that your FCSS Program has a total surplus of \$37,176.59. The provincial portion of the surplus is \$29,741.27.

On behalf of the Minister, I am writing to inform you that in alignment with paragraph 11(c) of the 2023-25 grant agreement, your surplus funds from 2023 may be carried over and spent in 2024 on the FCSS eligible programming outlined in your surplus carry-over request.

The provincial portion of your carried-over 2023 surplus is still subject to the 20 per cent matching requirement from the Rocky View County. You are required to spend the 2023 surplus by the end of 2024 and provide associated reporting on the use of the provincial portion, as well as required matching funds as outlined in the current grant agreement.

Thank you again for your commitment to strengthening Alberta's communities.

If you have any questions or concerns regarding this decision, please do not hesitate to e-mail the provincial FCSS Grant Program's shared inbox at [scss.fcssadmin@gov.ab.ca](mailto:scss.fcssadmin@gov.ab.ca).

Sincerely,
