This summer I totally amazed myself by walking the entire trail. Chatting to people along the way made the time easy to work into my day. The weather was lovely so I didn't notice the distance as the scenery was always changing.

Please approve this permit as many are eager to run and bike this summer. With covid still in people's thoughts, the trail is the perfect remedy.

Thank you,

Re: Letter of Support for Meadowlark Trail

Dear ^{Dan} Reeve Henn and Council,

I write to offer my wholehearted support for the Meadowlark Trail, a recreational trail planned for construction between Irricana and Beiseker. The Meadowlark Trail will provide important recreational, community and health benefits and will provide a safe place for families and children to walk, cycle, cross country ski and snowshoe.

Having raised a family in Irricana who attended school in Beiseker, I can confirm that many bicycle rides were taken on highway 9 to participate in activities and connect with friends in Beiseker. As you know, Highway 9 is a major corridor and has very high traffic volumes. I am very excited at the prospect of having this new opportunity available in our local area, providing a safe pathway through nature for travel between Beiseker and Irricana. I look forward to traveling on it with my sons and grandchildren.

I respectfully request that Rocky View County Council approve the Development Permit for this project.

RE-LETTER OF SUPPORT for Meadowlark Trail

Dear Reeve and Council, Rocky View County

Lesley and I are strongly in favor of this project. We look forward to the development of this recreational trail. This trail broadens the scope of recreation in the area and is a natural link for the communities of IRRICANA and BEISEKER. Hiking and bicycling are now mostly linked to paved streets. This trail will be well used and provide safe recreation. During our current times healthy recreational activity is even more important.

We request that Rocky View Council approve the development permit for this project.

Re: Letter of Support for Meadowlark Trail

Dear Reeve and Council, Rocky View County

This letter is to indicate our strong support for the Meadowlark Trail, a recreational trail planned for construction between Irricana and Beiseker. We have been eagerly waiting for this project to proceed and be completed and available for trail use. The Meadowlark Trail will provide important recreational, community and health benefits and will provide a safe place for families and children to walk, cycle, cross country ski and snow shoe. We're very excited at the prospect of having this new opportunity available in our local area.

We request that Rocky View County Council approve the Development Permit for this project.
