| Subject: | 2025 Submitted Projects Update |
| Date: | January 16, 2025 |
| Presenter: | Matt Chilakos, Agricultural Services Officer |
| Department: | Agriculture & Environmental Services |

REPORT SUMMARY

This report provides an overview of the projects that have been submitted to the PAC in 2025.

ADMINISTRATION’S RECOMMENDATION

Administration recommends that the 2025 Submitted Projects Update report be received as information.

BACKGROUND

The Alternative Land Use Services program (ALUS) is a community developed, farmer delivered program that gives Canadians the opportunity to play an active role in building a healthier environment by providing support to farmers and ranchers to enhance and maintain ecosystem services. ALUS has a simple goal: create a healthy working landscape that sustains agriculture, wildlife, and natural spaces for all Canadians.

Farmers and ranchers can submit applications for projects which enhance or conserve ecosystem services on their farm or ranch. The Partnership Advisory Committee (PAC) reviews these applications and a select few are implemented in the corresponding year.

DISCUSSION

Three projects that are being brought forward for consideration to the PAC on January 16, 2025.

1. Project #2025-01, wetland/spring fencing, adding off-site waterer, tree plantings
2. Project #2025-02, fencing off wetland

ALTERNATE DIRECTION

Administration has no alternate direction for the Board’s consideration.
