Hi,

I am writing to request a penalty cancellation for my 2021 property taxes. I missed the property tax deadline due to the birth of my daughter on June 16th. It was a very stressful time leading up to my daughter's birth since she was overdue two weeks. Once she was born I had difficulty nursing and she experienced severe reflux. My focus in the weeks after her birth were on her wellbeing and several doctor's appointments to address these issues. Complete exhaustion from a lack of sleep also contributed to my forgetfulness and ability to focus. I really appreciate your consideration in reviewing my request to cancel the penalty. I pride myself on being financially responsible and ensuring that my bills are paid on time. This was a complete oversight under the circumstances.

Thank you,
