Dear Sir or Madam

I received a phone call from Rune stating that my tax cheque which I mailed on Aug 25 had been stamped Sept 10 by the Post Office. My envelope had to have been mislaid or stuck in the mail box

My only proof is the date & cheque number written on my stub notice. I mailed the cheque on Aug 25 & Rune just received it. I have enjoyed living in Rocky View for many years & this is the only problem I have ever had. I lost my wife June to cancer a year ago Sept 2, along with my age & covid I have had a very tough year. I have no pension just old age & CPP.

The late penalty of $411.54 will be very difficult on me & I am respectfully requesting your consideration to remove this penalty.
