C-1 October 29, 2020 Municipal Planning Commission Minutes

MOVED by Member Boehlke that the October 29, 2020 Municipal Planning Commission meeting minutes be approved as presented.

Carried

E-1 Division 7 - Single-Lot Regrading

MOVED by Member Boehlke that Development Permit Application PRDP20202773 be approved with the conditions noted in the Development Permit Report, attached.

Description:

1. That single-lot regrading and placement of clean fill for the construction of a berm, ditch, and swale shall be permitted in general accordance with the drawings submitted with the application and the conditions of this permit.

Prior to Issuance:

2. That prior to issuance of this permit, the Applicant/Owner shall contact County Road Operations:
 - i. With haul details for materials and equipment needed during construction/site development to confirm if Road Use Agreements will be required for any hauling along the County road system and to confirm the presence of County road ban restrictions;
 - ii. To obtain a consent letter, permit, and/or approvals for any construction within the County road right-of-way, including filling, regrading, culvert work, and approach relocation; and
 - iii. Written confirmation shall be received from County Road Operations confirming all components of this condition. Any required agreement or permits shall be obtained unless otherwise noted by County Road Operations.
3. That prior to issuance of this permit, the Applicant/Owner shall provide a stormwater memo, prepared by a qualified professional, to confirm that the proposal is adequate to manage on-site stormwater without causing any adverse impacts to drainage patterns and neighboring properties.
 - i. If the findings of the memo require local improvements, a Site Specific Stormwater Management Plan should be provided identifying an onsite stormwater management strategy for the proposed development, in accordance with the County Servicing Standards and Nose Creek Watershed Water Management Plan.

Permanent:

4. That any plan, technical submission, agreement, matter or understanding submitted and approved as part of the application or in response to a Prior to Issuance condition shall be implemented and adhered to in perpetuity.
5. That upon completion of the proposed development, should there be areas of fill that are greater than 1.20 m (3.93 ft.) in depth, the Applicant/Owner shall submit compaction testing results prepared by a qualified professional.

6. That it shall be the responsibility of the Applicant/Owners to ensure the fill has been placed in a safe manner that does not cause slope stability issues, slumping, or any other related safety issues.
7. That upon completion of the proposed development, the Applicant/Owners shall submit an as-built survey, confirming that the development proposal and post grades align with the supporting technical submissions for the file.
8. That any material entering to or leaving from the site, shall be hauled on/off in a covered trailer/truck, which will prevent blowing of dust/small rocks onto the road or cause issues with other vehicles on the road.
 - i. That the clean-up of any mud tracking and/or dirt that enters onto any County roads during hauling, shall be the responsibility and cost of the Applicant/Owner for clean-up.
9. That no topsoil shall be removed from the site.
10. That the Applicant/Owners shall ensure no organic material is buried and capped in a manner that will cause methane gas related issues.
11. That the fill shall not contain large concrete, rebar, asphalt, building materials, organic materials, or other metal.
12. That the Applicant/Owners shall take effective measures to control dust on the parcel so that dust originating therein shall not cause annoyance or become a nuisance to adjoining property owners and others in the vicinity.
13. That the Applicant/Owners shall be responsible for rectifying any adverse effect on adjacent lands from drainage alteration.
14. That the subject land shall be maintained in a clean and tidy fashion at all times and all waste material shall be deposited and confined in an appropriate enclosure. All waste material shall be regularly removed from the property to prevent any debris from blowing onto adjacent property or roadways. That all garbage and waste shall be stored in weatherproof and animal proof containers and be in a location easily accessible to containerized garbage pickup.

Advisory:

15. That any other government permits, approvals, or compliances are the sole responsibility of the Applicant/Owner.
16. That the subject development shall conform to the County's Noise Bylaw C-5773-2003 in perpetuity.
17. That the site shall remain free of restricted and noxious weeds and be maintained in accordance with the Alberta Weed Control Act [*Statutes of Alberta, 2008 Chapter W-5.1; Current as of December 15, 2017*].
18. That if the development authorized by this Development Permit is not completed within twelve (12) months of the date of issuance, the permit is deemed to be null and void.

That if this Development Permit is not issued by **May 31, 2021** or the approved extension date, then this approval is null and void and the Development Permit shall not be issued.

4. That the Applicant/Owner shall contact County Road Operations with haul details for materials and equipment needed during construction/site development to confirm if Road Use Agreements will be required for any hauling along the County road system and to confirm the presence of County road ban restrictions.
 - i. Written confirmation shall be received from County Road Operations confirming the status of this condition. Any required agreement or permits shall be obtained unless otherwise noted by County Road Operations.

Permanent:

5. That any plan, technical submission, agreement, matter or understanding submitted and approved as part of the application, shall be implemented by the Applicant/Owner and adhered to in perpetuity including the approved TORUS Stormwater Management Plan and the Indus Master Drainage Plan by UMA/AECOM dated November 2008.
6. . That upon completion of the proposed development, the Applicant/Owners shall submit an as-built survey, confirming that the development proposal and post grades align with the supporting technical submissions for the file.
7. That the Applicant/Owner shall submit compaction testing results, prepared and provided by a qualified professional, for any areas of the site filled greater than 1.20 m (3.93 ft.) in depth.
8. That the Applicant/Owner shall not screen and/or sell the excess topsoil to others without written approval from the County, as there is potential for additional off-site impacts.
9. That the Applicant/Owner shall take effective measures to control dust in the stripping and grading areas of the subject properties, so that dust originating therein shall not cause annoyance or become a nuisance to adjoining property owners and others in the vicinity.
10. That any fill removed from the site shall be hauled off in a covered trailer/truck, which will prevent blowing of dust/small rocks onto the road or cause issues with other vehicles on the road.
11. That with the removal of topsoil, the Applicant shall take whatever means necessary to avoid the transfer of dirt onto public roadways.
 - i. That if at any time the removal or handling of the topsoil creates a visible dust problem, the removal or handling of the topsoil shall cease immediately until remedial measures are taken.
12. That the Applicant/Owner shall be responsible for rectifying any adverse effect on adjacent lands from drainage alteration.
13. That the entire site shall be maintained in a neat and orderly manner at all times to the satisfaction of the County.

Advisory:

14. That the site shall adhere to the approved Weed Management Plan and shall remain free of restricted and noxious weeds and be maintained in accordance with the *Alberta Weed Control Act [Statutes of Alberta, 2008 Chapter W-5.1; Current as of December 15, 2017]*.
15. That the subject development shall conform to the County's Noise Bylaw C-5773-2003 in perpetuity.
16. That any other government permits, approvals, or compliances are the sole responsibility of the Applicant/Owner.
17. That the hauling of fill and site grading shall be completed within 12 months from the date of issuance of this permit.
18. That if this Development Permit is not issued by **July 31, 2021** or the approved extension date, then this approval is null and void and the Development Permit shall not be issued.

Note: The Applicant/Owner shall be responsible for all Alberta Environment and Park (AEP) approvals for any impact to any wetland areas. The Applicant/Owner shall also be responsible for any related EPEA (and if necessary, Water Act) approvals for the on-site and/or offsite stormwater infrastructure.
