To whom it may concern;

We are residents of Rocky View County and we are writing to let you know how much we appreciate the presence of the Divine Mercy Centre in our community. In particular, we are very thankful to the Sisters of Divine Mercy for their spiritual guidance, kind support and faithful service for our Uncle who used to visit the Centre of Divine Mercy very often before he moved away. The Centre of Divine Mercy brought great peace and happiness to his life, as well as strength and perseverance to overcome hardships.

The Centre of Divine Mercy continues to have a very positive impact on Rocky View County. We are so impressed with the remarkable dedication of the Sisters of Divine Mercy to go above and beyond the call of duty in supporting our community.

Dear Sir/Madame:

We live a few blocks down the road from the Centre, and we visited the Centre almost daily for prayers and quiet adoration. We have known the Divine Mercy Centre and the Sisters of Divine Mercy for some years now. The Divine Mercy Centre and the Sisters have been a great asset to the community in building our faith, individual and family life. The Centre supports our families and community through prayers, Adoration, and counselling. The presence of the Sisters bring peace, joy, and healing to me and my family, and they performed all duties expected of them as Consecrated Religious Women.

The Sisters are honest and passionate individuals with a unique sense of spiritual duty and are always willing to make positive contributions for the community. Thus is evidenced by their enduring charitable and volunteering capabilities.

The Sisters of Divine Mercy are peace makers, always mediating to ensure smooth relationships among people and families in this community at the Centre and has consistently demonstrated excellent competence in carrying out these spiritual duties.

The Sisters are astute team players, and are willing to devote their time for the common good at this Centre. We have no reservations in recommending the Divine Mercy Centre or the Sisters of Divine Mercy for whatever assistance they are aspiring for.

Thank you and remain blessed!

ATTESTATION LETTER

To Whom It May Concern,

As a resident of Rocky View, I was very excited and interested in the valuable services that the Sisters of Divine Mercy and Divine Mercy Centre have been offering since it first appeared in our vicinity back in about 2015. Since that time, I have been attending many of the events, retreats, adoration, and worship services, more or less, depending on my work schedule and responsibilities as a mom. Currently, I attend the Centre three or four times per week.

Besides the benefit the Divine Mercy Centre has extended to me, my husband and children have also benefited from the kindness and outreach from the wonderful religious Sisters— Sisters of Divine Mercy. I also feel that the community of people who have gradually become what is tenderly called the “Divine Mercy Family” has also gained from the presence of the Divine Mercy Centre. It is simply an extraordinary place of charity and beauty.

I cannot say enough about all the spiritual benefits bestowed on my family as well as others who likely reside in Rocky View as well. Please let me know if you would like to speak with me personally, as I would be happy to respond in person.

Blessings to you,

Hi Scott,

Thank you for clarifying.

This is not a formal complaint, I recognize there are proper means to file should it become necessary. They have been operating for years now as a church. We had to contact them last summer to voice a noise complaint about the excessive use of their loudspeaker (which they immediately rectified, though have just sent a letter asking for our blessing to allow them to resume use of their loud speaker on Sundays) and we had taken them to court to fight their improper dealings of the dumping of topsoil that was blowing into our yards.

My questions are then, until they have this new zoning, are they able to host services and utilize their loudspeaker? And if the zoning moves away from agricultural, then they cannot farm the land? There is a significant need for herbicide application along the fence lines between our properties that will need to be addressed. The farmer leasing has done a good job of keeping the land

covered since our former dispute, but if he will not be farming, we will need to address issues with the weeds.

As I said, I realize this is not the channel for formal comaknta, but the more I understand this zoning change, the better myself, and my neighbours can get an idea as to the impact it will have on our home life.

With much appreciation,

Stephanie

Good Morning Stephanie,

This land use redesignation is the result of a compliance issue. They have been operating a church, without the proper land designation. This application is to rectify that.

The plan is for the church to continue to operate on this parcel.

Hopefully, this helps clear things up. If you have any other questions feel free to reach out.

Best,

Re: Application Number: PL202110034 & PL202200060(06518002)
Divine Mercy Centre Redesignation Proposal

We are submitting this letter in opposition to the above Application by the Divine Mercy Centre to redesignate the identified property from Agricultural, General District (A-GEN) to Special, Public Service District (S-PUB) to accommodate an existing Catholic religious assembly.

Our address is:
15199 Park Lane
Calgary

Our opposition is over our (and our neighbours) concerns that if this application is approved - that it would set a precedent for other applications that are currently with the county and are directly offsetting our property with proposals to redesignate acreages from Residential, Rural District (R-RUR) to Special, Public Service District (S-PUB) to allow the development of a religious assembly/community center.

The properties in question are located at:
15205 Park Lane
Calgary
Redesignation Application No. PL20190177/2020068
File 06507009
Application by the Al-Madinah Calgary Islamic Assembly

15150 Park Lane
Calgary
Application No. PL20200015
File 06507011
Application by the Sri Lankan Buddhist Society Calgary

The 15205 Park Lane property directly offsets our property and would have a negative impact on our residential community

The 15150 Park Lane property is just down the street from us and again - would negatively affect our residential community.

We believe that approval of this redesignation for Divine Mercy Centre could provide support to the 2 applications that directly affect us and that are not in keeping with the residential area that we live in and want to maintain. This opposition to redesignation of properties in our community is supported by all of the residents that are along Park Lane or utilize Park Lane to access their residences. We have sent in letters of opposition to the proposed redesignations.

Please contact the undersigned if you have any questions - [REDACTED]
