Hello,

I want to appeal the 12 percent that has been added to my tax bill.

I explained to Shawna today that my mail has recently been re-routed to a new mail box system at my home location in the Foothills, MD 34.

I live in a Rural area in the Foothills to which all my Mail is delivered, a new post box was installed at the south side of 22 X recently and I have been receiving my most recent mail to this new post box. I did not receive my mail in the last week so I checked the old mail box and discovered it has been getting delivered to this old post box, this included my tax Bill for my shop here at [REDACTED] my roll number is 03331150, my owner number is [REDACTED]. I have a call into the Brag Creek post office but have not heard back yet as to why my mail has been put back to the old post box, I just didn't have any control over this situation and I don't think it's fair on me that I am having to pay an extra 12 percent on my tax bill.

I have put a note on the old post box to say that I have the new post box located at the south side of 22 X on 160 th Street, **NOT** the old post box located at the north side of the highway.

I must assume that the delivery person has made an error in using the old post box and delivered my mail to this box...I had no control over this and I just don't think it's fair that I am being penalized because of someone else's mistake.

Please let me know if you agree.
