Dear Rocky View County Council

This is a request for forgiveness of the tax penalty of \$377.44 that was assessed against us for late payment of our property taxes. We fully paid our taxes via e-transfer on July 4<sup>th</sup>, the first business day following the deadline, and paid the penalty on July 6<sup>th</sup>.

We are a retired couple in the process of building our retirement home in the Watermark development. As one of the nine families impacted by the bankruptcy of Wolf Custom Homes in late 2021 our build has been plagued with significant delays and financial challenges. As we are not yet living in the County, property taxes were not top of mind and we forgot to pay them on time.

We respectfully request and would be extremely grateful if the County would refund the tax penalty.

Kind regards,

[REDACTED]
