Hi Adrienne,

Thanks for your help and follow-up.

We requested to wave off the penalty due to the following reasons:

1. We missed the original Tax Notice as our colleague was overseas.
2. We were just less than a month delayed in paying late the taxes.
3. On some compensation grounds keeping in view of a bitter reality, our shop in New Horizon Mall is vacant since we purchased it. Unfortunately, this Mall proved to be a Dead Mall. We personally tried to do business over there by opening a Hand-Made traditional Woolen Rugs Store but after a year business was shut down as we could hardly sell just 4 rugs there 2 to our friend's families and 2 to our neighbours there. Although CORONA was also a factor.

Keeping in view of our hardship situation, please wave off Overdue/ penalty which is just a small matter for the Council. Even if it is not possible for the Council to wave off the penalty then we are ready to pay the penalty (which has already been paid).

Best Regards
