### PROPOSAL:

This proposal is for the installation of three fascia signs and one free standing sign accessory to the principal restaurant use. The principal use, is a Restaurant (Dairy Queen), approved with Development Permit #PRDP20171222. *Note: This application has been evaluated in accordance with C-4841-97.*

Within DC 2, Section 4.2, fascia signs (associated with the principal use are a listed permitted use. The fascia signs will be located on the north, west, and east facades of the restaurant. Each fascia sign is composed of two elements - including the restaurant chain's logo ("DQ") and the restaurant chain's catchphrase ("Grill & Chill").

Within DC 2, Section 4.3, free standing signs (associated with the principal use) are a listed discretionary use. The freestanding sign will be located near the southwest corner of the parcel. The sign contains three elements including the logo, the catchphrase and an illuminated LED billboard used for advertisement.

The proposed fascia signs vary in area from 1.38 sq. m. (14.85 sq. ft.) to approximately 6.00 sq. m. (64.58 sq. ft.) and the three aspects of the proposed freestanding sign will range from 2.20 sq. m. (23.68 sq. ft.) in area to approximately 3.40 sq. m. (36.59 sq. ft.). The height to base of the fascia signs range from 3.30 m to 4.20 m and the height to base of the highest element of the freestanding sign is 5.10 m.

The restaurant directly interfaces with residential parcels to the south -- with residential parcels screened through fencing and trees to both the east and west. There are light commercial uses to the north of the restaurant. DC-2 lists fascia signage associated with the principle use as a permitted use, however, it also identifies that free standing Signs associated with the principle use are discretionary. Langdon is home to many fast food and traditional sit-down restaurants and many have signage. The proposed freestanding sign with an LED screen would be the first of its type within the Hamlet. Section 35.5 of C-4841-97 identifies that:

*"Interiorly illuminated signs shall not be permitted in developments where they might, in the opinion of the Development Authority, affect residents in adjacent housing or residential areas, interfere with the interpretation of traffic signs or controls, or interfere with traffic."*

In consulting with the applicant and reviewing industry-specific literature, the principle concern of administration involves the potential of light pollution interfering with the use or enjoyment of adjacent parcels, with secondary concerns about potential traffic safety impacts. The parcel directly interfaces

Evan Neilsen, Planning and Development Services

with residential parcels to the south and east – with the proposed signs likely visible from residential parcels to the west located on the opposite side of Centre Street. To manage these potential impacts Administration is recommending approval with only one north-facing LED sign. Administration believes that the potential negative impacts on residential parcels to the south and west by from the proposed LED sign are unable to be mitigated through various regulatory or other brightness-control measures. Furthermore, administration believes that allowing a south facing LED sign may also distract northbound drivers approaching the intersection of Glenmore Trail/Highway 560 and Highway 797. The proposed freestanding sign is located within 90 m (295.27 ft.) of 3 traffic control signs – with the closest sign being approximately 26.00 m (85.00 ft.) away. Administration is recommending approval in accordance with the conditions presented in option one, however administration has also prepared a condition set in option two that represents approval conditions for all signage requested by the applicant for review by the Commission.

## STATUTORY PLANS:

### • Langdon Area Structure Plan

- ASP identifies that parcel is located in the Business Commercial area.
- Policy 9.9 of the ASP requires the application address “Rocky View County’s Commercial, Office and Industrial Design Guidelines, and the Langdon Centre Street Corridor Design Guidelines.”
  - Section 5.2 of Rocky View County’s Commercial, Office and Industrial Design Guidelines apply to all parcels within 800 m of a provincial Highway, the subject parcel is located approximately 63 m from the intersection of HWY 560 and HWY 797.
  - The application complies with Policy 2 of the above section, as the proposed signage is not adjacent to a highway right-of-way.

- The application complies with Policy 3 of the above section, as the proposed signage faces both the highway and internal roads.
- Section 5.3 of Rocky View County's Commercial, Office and Industrial Design Guidelines apply to this parcel, however there are no relevant policies for signage.
- The Langdon Centre Street Corridor Design Guidelines continue to be developed and are not yet in effect.

#### INSPECTOR'S COMMENTS (Inspection performed Oct 1, 2020):

- No signs in place.
- Building currently under construction.
- No concerns at time of inspection.

#### CIRCULATIONS (Circulated, 2020):

Building Services: No concerns with signs.

Development Compliance: Development Compliance has no comments or concerns with respect to the attached application.

Operations Division: No response received at the time of report writing.

Alberta Transportation: In reviewing the application, the proposed development falls within the control distance of a provincial highway as outlined in the Highways Development and Protection Act / Regulation, and will require a roadside development permit from Alberta Transportation.

The application form and instructions can be obtained from the department's website at <https://www.alberta.ca/roadside-development-permits.aspx>.

The department has the following additional comments on the referral:

1. A Traffic Impact Assessment (TIA) shall be prepared by a qualified transportation professional in accordance with Alberta Transportation guidelines <https://open.alberta.ca/publications/traffic-impact-assessment-guideline>. The TIA will provide information regarding the traffic that could be generated by the proposed development, and will identify any necessary upgrades to the Highway 560 / Highway 797 intersection. The TIA shall be reviewed and accepted by Alberta Transportation as a condition of approval. The municipality shall be responsible for ensuring that any required intersection improvements are in place prior to occupancy.
2. The municipality shall be responsible for determining an alternate access arrangement for lands in proximity of the Highway 560 / Highway 797 intersection, protecting suitable local road right of way, and implementing this strategy prior to improvement of the highway, as outlined in the Highway 560 Functional Planning Study. [http://www.transportation.alberta.ca/projects/assets/Area\\_7\\_Calgary\\_Area/Hwy\\_560/Recommended\\_plan.pdf](http://www.transportation.alberta.ca/projects/assets/Area_7_Calgary_Area/Hwy_560/Recommended_plan.pdf)
3. No compensation will be payable to the permittee for loss of convenient or direct access, or for a more circuitous/less convenient access arrangement. The on-site drainage, surface water run-off and/or storm water management must not be directed into the highway ditches. All on-

site drainage, storm water management and surface water run-off must be handled in a manner that is acceptable to the department. The department may request that a special report and plan be submitted that outlines how the surface water and storm water run-off will be handled. This could be requested after the development permit has been issued or after the facility/operation has been established. Remedial work, that may be required to correct drainage concerns, will be the responsibility of the permittee.

#### Planning and Development Services - Engineering Review:

- Engineering has no requirements at this time.

Road Operations: No response received at the time of report writing.

Transportation Services: No response received at the time of report writing.

### GENERAL AND SITE REQUIREMENTS

I, David Atkinson (applicant), (Applicant/Owner) propose to install a Digital Display sign at 704 Centre Street Langdon AB (address), and confirm compliance to Section 212 Digital

Display, Land Use Bylaw C-8000-2020 requirements, as follows:

#### GENERAL REQUIREMENTS:

- ☒ The digital display will be static and remain in place for a minimum of 6.0 seconds before switching to the next copy.  
**Proposed display time for each slide/copy:** 6.0 seconds
- ☒ The maximum transition time between each digital copy will not exceed 0.25 seconds.  
**Proposed transition time:** 0.25 seconds
- ☒ The digital display will not use full motion video or otherwise give the appearance of animation or movement.
- ☒ The transition between each digital copy will not be displayed using any visible effects, including but not limited to action, motion, fading in and out, dissolving, blinking, intermittent or flashing light, or the illusion of such effects.
- ☒ Copy will not be shown in a manner that requires the copy to be viewed or read over a series of sequential copy messages on a single digital display, or sequenced on multiple digital displays.
- ☒ The digital display will be equipped with an ambient light sensor.
- ☒ The digital display will not increase the light levels adjacent to the digital display by more than 3.0 LUX above the ambient light level.
- ☐ The light output of a digital display is **proposed at** 7500 Nits, from sunrise to sunset, in accordance with the maximum luminance levels under Section 212(i) when measured from the sign face at its maximum brightness in this **Residential/Business/Commercial/Industrial/Other:** Commercial district.
- ☒ If any component on the sign fails or malfunctions in any way, or fails to operate as indicated on the approved development permit plans, the sign will be turned off until all components are fixed and operating as required.
- ☒ The back of the digital display and all cut-outs will be enclosed.
- ☒ The space between the faces of a double-faced digital display will be enclosed.

#### SITE REQUIREMENTS:

- ☒ Where a digital display is visible from and located within 125.0 m (410.11 ft.) of a building containing a Dwelling Unit, the sign will not operate, or will only display a black screen between 10 p.m. and 7 a.m.
- ☒ The electrical power supply to a digital Message Sign will be provided underground.
- ☒ A digital display is located at least 300.0 m (984.25 ft.) from another digital display.
- ☒ Trees required under an approved development permit will not be removed or altered in any way to accommodate the placement or visibility of a digital display.
- ☒ The lighting or orientation of a digital display shall not adversely affect any neighbouring residential areas.

**Specification Requirement:** Has a detailed specification sheet/operating standards from the manufacturer (identifying both the NITS and dimming option for night time hours) been provided? ☐ YES, included in application package ☒ NO

## Decision of the Municipal Planning Commission

This is not a development permit

Five Star Permits - David Atkinson  
637 Lakeside Court  
Oliver, BC V0H 1T4

**Development file #:** PRDP20202898

**Re-Issue Date:** December 16, 2020

**Roll #:** 032233122

Rocky View County's Municipal Planning Commission conditionally approves your September 24, 2020 development permit application at 704 Centre Street subject to the conditions as follows:

### Description:

1. That *Signs*, may be placed on the subject property in general accordance with the site plan and signage details, as prepared by Sunset Neon; dated May 16, 2019.
  - i. Three Fascia signs, attached respectively to the north, west, and east sides of the restaurant, each containing two elements: one internally-illuminated restaurant chain logo and one internally-illuminated restaurant chain catchphrase.

### Permanent:

2. The hours of operation for the fascia sign will be between 6:00 am to 10:00 pm; the sign will be de-activated between the hours of 10:01 pm to 5:59 am.

### Advisory:

3. That all other government compliances and approvals are the sole responsibility of the Applicant/Owner.
4. That the applicant shall apply, and be approved for, a roadside development permit from Alberta Transportation.
5. That if the development authorized by this Development Permit is not commenced with reasonable diligence within 12 months from the date of issue, and completed within 24 months of the issue, the permit is deemed to be null and void, unless an extension to this permit shall first have been granted by the Development Officer.

This is not a development permit

It is the responsibility of the applicant to meet and always follow the conditions of this development permit. Fines or enforcement action may occur if operating outside of this permit. Please contact Planning and Development Services at [development@rockyview.ca](mailto:development@rockyview.ca) or 403-520-8158 for assistance with this decision or the process for meeting development conditions.

An appeal of the Municipal Planning Commission's decision must be filed to the Subdivision and Development Appeal Board (SDAB) in accordance with section 686 of the *Municipal Government Act*. To file an appeal or for assistance with filing an appeal, please contact the Municipal Clerk's Office at [sdab@rockyview.ca](mailto:sdab@rockyview.ca) or 403-230-1401. More information on the SDAB can also be found at [www.rockyview.ca](http://www.rockyview.ca).

Five Star Permits - David Atkinson  
637 Lakeside Court  
Oliver, BC V0H 1T4

PRDP20202898

Dear Mr. Atkinson,

Enclosed please find a reissued notice of decision that replaces the notice of decision dated December 11, 2020 for development permit application PRDP20202898. This notice of decision is reissued under Section 15.1(c) of County *Land Use Bylaw* C-4841-97. It is very clear from the discussion of the Municipal Planning Commission on December 10, 2020 that there was never an intent to approve a free standing sign as part of the development permit.

Sincerely,

Al Schule, Vice Chair  
Municipal Planning Commission

Re: Development File Number PRDP20202898  
Refusal of the freestanding sign for the Dairy Queen Restaurant located at 704 Centre Street.

I am writing on behalf of the Dairy Queen to ask for your support of the freestanding sign as outlined in the conditions presented by Evan Neilson, Development Assistant, Planning Services.

While most of the proposed signage was approved, the freestanding sign was rejected. This design calls for a double-sided freestanding sign with an electronic message center. Due to COVID restrictions, we did not have the opportunity to properly present this to the MPC and answer any questions. Not even the planner familiar with the application could attend the meeting. We feel, therefore, we did not have a fair chance to present our request.

The location of the DQ building poses challenges for visibility from Glenmore Trail. Langdon is a small community and may not support a DQ without the added volume of potential customers from the highway. The building signage, as important as it is, is mostly hidden because the site is located behind the Country Market and Gas Bar. The freestanding sign provides the best means to identify the DQ location to passersby. Without the freestanding sign, there will be ongoing hardship on the business.

Planning has prepared two options for your consideration. These options are also acceptable to DQ. We hope that you will take one of the options into consideration for approval.

Sincerely,

David Atkinson  
Co-Founder/Five Star Permits

## ROCKY VIEW COUNTY

**OPTIONS:**

Option 1: (this would allow the proposed development)

APPROVAL, subject to the following conditions:

**Description:**

1. That *Signs*, may be placed on the subject property in general accordance with the site plan and signage details, as prepared by Sunset Neon; dated May 16, 2019, submitted with the application, while also taking into account the changes proposed by Administration to manage potential impacts on adjacent parcels or land.
  - i. One Freestanding sign approximately 7.3 m in height with two sign faces. One sign face faces north and a separate sign face faces south. The north sign face contains three elements: one internally-illuminated Restaurant chain logo ("DQ"), one internally-illuminated restaurant chain slogan ("Grill & Chill"), and one LED sign displaying a static, non-animated image in accordance with the below conditions. The South-facing sign contains only two elements, one internally-illuminated Restaurant chain logo ("DQ") and one internally-illuminated restaurant chain slogan ("Grill & Chill").
  - ii. Three Fascia signs, attached respectively to the north, west, and east sides of the restaurant, each containing two elements: one internally-illuminated restaurant chain logo and one internally-illuminated restaurant chain catchphrase.

**Permanent**

2. The LED signs shall be equipped with an ambient light detector.
3. The hours of operation for the LED digital signs will be between 6:00 am to 10:00 pm; the sign will be de-activated, or set to emit 0.0 lux between the hours of 10:01 pm to 6:59 am.
4. The LED signs shall be multi-colour, full colour boards;
5. The LED signs are to have static copy with a hold time of a minimum of six (6.00) seconds or more.
6. The maximum transition time between each digital copy must not exceed 0.25 seconds.
7. Any copy on the LED signs shall not display any moving, flashing or animated images and shall not otherwise give the appearance of animation or movement;
8. Any images or transitions between images shall not be displayed using any visible effects, including but not limited to action, motion, fading in and out, dissolving, blinking, intermittent or flashing light, or the illusion of such effects.
9. Any copy displayed on the LED signs shall not be shown in a manner that requires the copy to be viewed or read over a series of sequential copy messages on a single digital display, or sequenced on multiple digital displays
10. A digital display shall not increase the light levels adjacent to the digital display by more than 3.0 LUX above the ambient light level.
11. The LED signs shall at no time display an image or any transition between images in such a way as to be potentially distracting to drivers, the identification of a potentially distracting image or image transition shall be at the sole discretion of the development authority.
12. The light output of the LED signs shall be set in accordance with the following maximum luminance levels when measured from the sign face at its maximum brightness:
  - i. From sunrise to sunset, 7500 Nits.

- ii. From activation to sunrise: 300 Nits.
  - iii. From sunset to deactivation: 300 Nits.
13. The electrical power supply to the LED Signs must be provided underground.
  14. Any trees identified in the approved landscaping plan under PRDP20171222 shall not be altered, removed or otherwise changed to accommodate placement of the Freestanding sign, or Fascia signs.
  15. If any component on the sign fails or malfunctions in any way, or fails to operate as indicated on the approved development permit plans, the sign must be turned off until all components are fixed and operating as required
  16. The backs of all digital displays and all cutouts shall be enclosed.
  17. The space between the faces of a double-faced digital display shall be enclosed.

**Advisory:**

18. That all other government compliances and approvals are the sole responsibility of the Applicant/Owner.
19. That the applicant shall apply, and be approved for, a roadside development permit from Alberta Transportation.
20. That if the development authorized by this Development Permit is not commenced with reasonable diligence within 12 months from the date of issue, and completed within 24 months of the issue, the permit is deemed to be null and void, unless an extension to this permit shall first have been granted by the Development Officer.

Option 2: (this would allow the proposed development)

16. The backs of all digital displays and all cutouts shall be enclosed.
17. The space between the faces of a double-faced digital display shall be enclosed.

**Advisory:**

18. That all other government compliances and approvals are the sole responsibility of the Applicant/Owner.
19. That the applicant shall apply, and be approved for, a roadside development permit from Alberta Transportation.
20. That if the development authorized by this Development Permit is not commenced with reasonable diligence within 12 months from the date of issue, and completed within 24 months of the issue, the permit is deemed to be null and void, unless an extension to this permit shall first have been granted by the Development Officer.

Option 3: (this would not allow the proposed development)

REFUSAL, for the following reasons:

1. That the proposed signage unduly impacts neighboring residential parcels and does not comply with the requirements of Section 35.5 of Land Use Bylaw C-4841-97.

ROCKY VIEW COUNTY  
Cultivating Communities

2. That the proposed signage may potentially interfere with the interpretation of traffic signs or controls, or interfere with traffic.
3. In the opinion of the Municipal Planning Commission, the development unduly interferes with the amenities of the neighbourhood and materially interferes with and affects the use, enjoyment, and value of neighbouring parcels of land.
