RE: Request for re-imbursement of late penalty fee for account number 08120001

Hello

I have received an overdue tax account reminder letter in the mail today.

For some reason I did not receive the tax notice in the mail this year.

I don't believe I have been late on my taxes over the last 25 years or so and I'm asking to be re-imbursed for the service charge fee.

Thank you,
