To whom it may concern

I have looked at this proposal and talked to applicant re his application I understand the city does not want access to to street onto 146 Ave. I feel the county should fight like hell on behalf of applicant for this . I can't see any argument by the city to limit the number of drive way entering or exiting 146 Ave. when you have a city street their are 12 to 15 houses along a block of a street so what is the difference on 146 Ave.
